

Integration Listing Form

Before filling out this form you should have a working integration with Auth0 or, at minimum, an understanding of how your integration can work. If you're just getting started, you can find more information on how to integrate with Auth0 on <https://auth0.com/integrate>.

Extensibility feature

Select an extensibility feature below. *

Once we have your submission, we will respond with instructions on how to submit your integration files and documentation.

☒ SSO via SAML

Company and submitter Information

Name *

Felippe Neto

Email *

faonbr@gmail.com

Company Name *

ngrok

Company URL *

URL where our customers should get more information about you. This can be the main homepage or an Auth0-specific landing page.

<https://ngrok.com/>

Emergency Support Phone or Email *

How Auth0 contacts you in case of an incident or urgent request. This is required and is for Auth0 internal use in case of security or other emergencies, and will not be published.

support@ngrok.com

Marketing Contact Name and Email (if different)

Please provide integration-specific information about your company. Only the **Company Name** and **URL** will be publicly visible on the Marketplace.
(If you already have an integration published with us just enter "Same" in these fields to use the information we already have.)

Integration Listing Form

If you have a specific point of contact for marketing questions including listing content, graphics, logos, etc, please include their name and email address here.

claire@ngrok.com

PR Contact Name and Email (if different)

If you have a specific point of contact for PR including quotes, media inquiries, etc, please include their name and email address here.

claire@ngrok.com

Integration Details

Integration Name (25 characters max) *

The name of this integration to appear on listing pages (like a category) and the detail page (just your integration).

ngrok

Please provide information about this specific integration. All fields in this section will be public in the Marketplace.

Integration Short Description (65 characters max) *

on listing pages (like a category).

Single Sign-on for your ngrok-frontended apps

Integration Full Description *

A full description of the integration and any contextual information about your company. This should describe clearly what the integration does in non-technical terms. This description can be in Markdown format and include bold, links, and italics. It can be up to 2 paragraphs long.

Power your ngrok-frontended application with authentication and authorization provided by Auth0 as it acts as an identity provider for your application. You can then leverage

Integration URL slug

URL path to come after marketplace.auth0.com/integrations. If one is not provided, we will pick one for you.

ngrok-sso

URL for more information about this integration

Leave blank to use the Company URL provided above.

Privacy Policy URL *

<https://ngrok.com/privacy>

Integration Listing Form

Terms of Use URL *

https://ngrok.com/tos

Public Support URL or Email Address *

URL to start a support request or email address for a direct contact.

support@ngrok.com

Categories *

Select the categories your integration belongs to

- ☒ Identity Proofing
- ☒ Security
- ☒ Decentralized Identity

Our layout allows for 3 value propositions, or none. Future listings may allow for other layout options, but we recommend you take advantage of these for now. We also recommend trying to convey a few key value/benefits of your service as integrated with Auth0 for joint customers here.

Title 1

~40 characters long.

ngrok

Title 2

~40 characters long.

ngrok SSO

Title 3

~40 characters long.
